YOU CAN DO
THE RUBIK’S
MINI
Solution Guide
How to Use this Guide

- You will be learning the layered method to solve the Rubik’s® Mini. This layered method is also used to solve the Rubik’s Cube (original 3x3) and the Rubik’s Master (4x4).
- Throughout the guide you will see this symbol to indicate helpful tips. Take the time to read the tips closely.
- The gray areas on the Rubik’s Mini mean that at the stage you are working on, the color of the gray pieces doesn’t matter.

Tips for Success

- Learning to solve the Rubik’s Mini is easier than solving the Rubik’s Cube (original 3x3), but still a challenge.
- The Rubik’s Mini is solved using sequences of moves known as algorithms.
- Your Rubik’s Mini will be solved using a layered method, so you may want to try re-scrambling your Rubik’s Mini and practicing multiple times before moving on to the next layer. Soon these steps will become muscle memory.
- Keep the Rubik’s Mini on a table or use a mat like the one on www.YouCanDoTheCube.com to maintain the same front face for an entire algorithm.
- Learn songs and chants to help you memorize the algorithms.
- Place a small sticky note on the piece of the Rubik’s Mini you are moving so you can follow its path. Consider taking a video while you do this and then watch the video.
- Use this guide along with You CAN Do the Rubik’s Cube’s corresponding resources such as videos, solving checklist, and teacher guides.
- Mindset is critical. If you persevere, you CAN solve the Rubik’s Mini.

Get to Know Your Rubik’s Mini

Layers

There are two horizontal LAYERS in a Rubik’s Mini.

Faces

Each flat surface is a face. There are 6 faces on a Rubik’s Mini.
- The UP face is on the Top Layer.
- The DOWN face is on the Bottom Layer.
- When correctly solved:
  - WHITE is opposite YELLOW
  - BLUE is opposite GREEN
  - ORANGE is opposite RED

Corners

The Rubik’s Mini is made up of 8 corner pieces. Corner pieces have three colored tiles.
GET TO KNOW YOUR RUBIK’S MINI

FACE KEY

Each face is represented by a letter.

U = UP FACE

D = DOWN FACE

L = LEFT FACE

R = RIGHT FACE

F = FRONT FACE

B = BACK FACE

MOTIONS

Think of the movements of these objects when you turn the faces.

ALGORITHM KEY

Moves used in this guide.

- Each move is a $\frac{1}{4}$ TURN.

- An ALGORITHM is a sequence of moves that you need to do in a specific order.

- Think of the algorithms as moving a piece out of the way, setting up its correct position, and then moving the piece into that place.

- When following the algorithms in this guide, it is important to maintain the FRONT face of your Rubik’s Mini so it stays the FRONT through all of the turns.

- If there is a 2 next to the algorithm letter, turn the face twice.

- A turn is clockwise when looking at that face directly. A letter with an apostrophe (’) after it means to make an inverse or counterclockwise turn of the face.

RUBIK’S MINI SOLUTION GUIDE

This solution guide is divided into two stages as seen below.

SOLVE THE TOP LAYER

SOLVE THE SECOND LAYER

Now... let’s get solving!
**HOLDING YOUR RUBIK’S MINI**

Begin by holding your Rubik’s Mini so the WHITE tile with the Rubik’s logo is facing the ceiling. This is the top layer.
- The WHITE tile will be on the UP face.
- The RED tile will be on the FRONT face.
- The BLUE tile will be on the RIGHT face.

**Action 1**

Find the corner piece that has a WHITE tile, a BLUE tile and an ORANGE tile.

- If your Rubik’s Mini looks like this, then the 2nd corner is placed. Go to page 6.
- If it is in the top layer, it will be in one of the locations here. You will be moving this corner to the bottom layer so that you can then place it correctly in the top. Go to Action 2.
- If the corner piece with WHITE-BLUE-ORANGE corner is in the bottom layer, go to Action 3.

**Action 2**

Hold your Rubik’s Mini to match one of the pictures below (with the WHITE-BLUE-ORANGE corner on the right).

Follow this algorithm to move the WHITE-BLUE-ORANGE corner from the top layer to the bottom layer. Then move to Action 3.

**Action 3**

Twist the DOWN face until your Rubik’s Mini matches one of the pictures below.

Holding the FRONT facing you, make this turn:

Holding the FRONT facing you, follow this algorithm:

You’ve solved the second corner!
HOLDING YOUR RUBIK’S MINI

Begin by holding your Rubik’s Mini so the WHITE-BLUE-ORANGE corner is on the LEFT. The logo is still facing the ceiling.

**Action 1** Find the corner piece that has a WHITE tile, a GREEN tile and an ORANGE tile.
- If your Rubik’s Mini looks like this, then the 3rd corner is placed correctly. Go to page 8.
- If it is in the top layer, go to Action 2.
- If the WHITE-GREEN-ORANGE corner is in the bottom layer, go to Action 3 on the next page.

**Action 2** Hold your Rubik’s Mini to match one of the pictures below and follow the directions to move the WHITE-GREEN-ORANGE corner to the bottom layer.

**Action 3**
Twist the DOWN face until your Rubik’s Mini matches one of the pictures below.

You’ve solved the third corner!
**SOLVE THE TOP LAYER**

**4TH CORNER**

**HOLDING YOUR RUBIK’S MINI**
Begin by holding your Rubik’s Mini so the WHITE-GREEN-ORANGE corner is on the LEFT. The logo is still facing the ceiling.

**Action 1**
Find the corner piece that has a WHITE tile, a GREEN tile and a RED tile.
- If your Rubik’s Mini looks like this then the 4th corner is placed correctly. Go to page 10.
- If it is in the top layer, go to Action 2.
- If the WHITE-GREEN-RED corner is in the bottom layer, go to Action 3.

**Action 2**
Hold your Rubik’s Mini to match one of the pictures below and follow the directions to move the WHITE-GREEN-RED corner to the bottom layer.

**Action 3**
Twist the DOWN face until your Rubik’s Mini matches one of the pictures below.

Now go to CUBE TWO.

Now go to CUBE THREE.

You’ve solved the top layer!
SOLVE THE SECOND LAYER
MAKE THE YELLOW FACE

HOLDING YOUR RUBIK’S MINI
Begin by holding your Rubik’s Mini so the WHITE face is on the bottom (DOWN face).

Action 1
Match the UP face to one of the pictures below:

- If 1 Yellow tile is on the UP face
  - This saying may help: ‘Top one’

- If no Yellow tiles are on the UP face
  - This saying may help: ‘None left!’
  - None = no Yellow on top.
  - Left = Yellow on LEFT face.

- If any 2 Yellow tiles are on the UP face
  - This saying may help: ‘I see two, my left thumb is on you.’
  - You can put your left thumb on the Yellow tile on the FRONT face.

Action 2
Follow this algorithm:

- R
- U
- R’
- U2
- R’

CHANT
The words underneath the turns are a chant to help you remember the algorithm.
Notice the RIGHT face turns in opposite directions every other time and the UP face always turns clockwise.

Action 3
If you do not have all YELLOW tiles on the UP face, rematch your Rubik’s Mini to one of the pictures in Action 1 on page 10 and repeat the algorithm in Action 2. You may need to do this 2 or 3 times.

If you have all Yellow on the UP face, go to the next page.
SOLVE THE SECOND LAYER

PLACE THE YELLOW CORNERS CORRECTLY

**HOLDING YOUR RUBIK’S MINI**

Begin by holding your Rubik’s Mini with YELLOW on the UP face.

**Action 1**

Twist the top layer until the colored tiles of two corners match the bottom layer.

If your Rubik’s Mini is not solved then go to **Action 2**.

**Action 2**

Hold your Rubik’s Mini so it matches one of the pictures. Red arrows show the corners that need to swap.

**Adjacent Corners** (next to each other)

**Diagonal Corners** (not touching each other)

- CUBE ONE
- CUBE TWO
- CUBE THREE
- CUBE FOUR
- CUBE FIVE
- CUBE SIX

---

**Action 3** Follow this algorithm.

- R’
- F
- R’
- B2

After you make these turns the top (U) of your Rubik’s Mini will look like this:

- R’ un to me
- Fast
- R’ un to me
- Back

After you make these turns, the top (U) of your Rubik’s Mini will look like this:

- Run away
- F’ast
- R’ un to me
- Back

**CHANT**

The words underneath the turns are a chant to help you remember the algorithm.

**Action 4** If your Rubik’s Mini is not solved, you need to repeat Actions 1-3.

---

**CONGRATULATIONS!**

You have solved the Rubik’s Mini!
